

# Sources of funding

The vast majority of CDS funding is realized through grants and contracts from federal and state agencies, fees and the University of Delaware. Included in the federal portion is \$517,294 from the Administration on Intellectual and Developmental Disabilities (AIDD) for our core funding as a University Center for Excellence in Developmental Disabilities. This U.S. government organization is responsible for implementation of the Developmental Disabilities Assistance and Bill of Rights Act of 2000. Other sources of funding are grants and contracts from nonprofit organizations, foundations and businesses, and gifts from individuals and organizations.
